SUMMARY:

Results-driven IT professional with a strong background in software analysis and **dotnet** development, having 2 + years of expertise in designing, building, and optimizing enterprise-level dotnet applications. Proven expertise in leveraging technologies like **C#**, **.NET Core**, **ASP.NET MVC**, **ASP.NET**, **ADO.NET**, **LINQ**, **Entity Framework**, **SQL Server**, **JavaScript and Angular** to translate complex business requirements into innovative, scalable solutions. Adept at optimizing systems and processes through a combination of technical proficiency and strategic insight. Committed to delivering high-quality results and driving continuous improvement in dynamic environments. Delivered and report and proficient expert in achieving strategic goals.

PROFESSIONAL EXPERIENCE

i3 INFOSOFT PVT LTD   October-2024 -- Present
Software Engineer [Dotnet Developer]

- Developed a **secure web-based platform** to automate the end-to-end visa processing workflow for employees.
- Enabled **HR Managers and Executives** to efficiently manage visa applications, renewals, and interview scheduling.
- Designed modules to handle **onsite employee data and travel details**, ensuring accuracy and consistency.
- Reduced manual effort and processing delays by introducing **automation and data-driven tracking** across all stages.

Project-: Visa Processing Information System (Domain: Immigration / HR Operations)
Tools & Technologies: ASP.NET, ADO.NET, SQL Server, HTML, CSS, AJAX, IIS

- Designed and developed a **secure web-based platform** to automate the end-to-end visa processing workflow for employees within the organization.
- Ensured **data accuracy and workflow efficiency** through automation, reducing manual intervention and processing time.
- Enhanced system usability and reliability by integrating **ADO.NET** for database communication and performing thorough testing across all modules.

NIHILENT PVT LTD   August-2023 -- August-2024
Trainee Software Engineer [Dotnet Developer]

- Collaborated with cross-functional Scrum teams and clients to design, develop, and deliver high-quality **.NET Core** and Angular-based web applications following Agile methodology.
- Analyzed business requirements and translated them into scalable technical solutions using **ASP.NET Core MVC**, **Web API**, and **Entity Framework**.
- Participated in client meetings and sprint reviews to present technical designs, project progress, and solution walkthroughs.

Project-: Clarity Platform – MultiChoice (Domain: Entertainment / Subscription Services)
Tools, Technologies, Skill Used: **.Net Core**, **ASP.NET MVC**, **Web API**, **Entity Framework**, **SQL Server**

- Developed and maintained the **Clarity** platform, enabling end-to-end subscription management and customer interactions.
- Worked on **production bugs, SIT, and UAT outages**, ensuring smooth system performance and minimal downtime.
- Collaborated with Scrum teams and clients, providing **technical solutions, sprint updates, and high-level walkthroughs** of deliverables.

EDUCATION/Academic Qualification

Graduation [DIT University], Dehradun   July-2019 -- July-2023
B.Tech in Computer Science Engineering

12th Class [Gautam Rishi High School], Patna   March-2018 -- March-2019

10th Class [ST Josephs High School], Patna   March-2015 -- March-2016

SKILLS

Technical Skills:

- **Languages & Scripting: C# | JavaScript | Angular | HTML5 | CSS3 | SQL | LINQ | OOPs**
- **Framework & Technologies .NET Core | ASP.NET Core MVC | ASP.NET MVC 5 | ASP.NET | ADO.NET | Entity Framework | RESTful Web APIs**
- **Database: Microsoft SQL Server (Stored Procedures | Joins | Triggers | Views | Functions)**
- **Tools & Platforms: Visual Studio | SSMS | Git | GitHub | Azure DevOps | Postman**
- **Other: JSON/XML Handling | Agile & Scrum | SDLC | Microsoft Office (Excel | Word | PowerPoint)**

Professional Skills:

- **interpersonal: Project Management, Strategic Planning, Data Management, Team Collaboration**
- **intrapersonal: MS Excel, Jira, Communication, Problem Solving, Reporting & Documentation**

Personal Project's

Project-A: JewelleryShopMVC – Domain: E-Commerce / Retail (Jewellery Management System)
Tools, Technologies, skilld Used: **ASP.NET Core MVC**, Entity Framework Core, SQL Server, Bootstrap 5
jQuery, AJAX, Visual Studio 2022

- Developed a modern **web application for Jewellery management**, allowing users to manage categories and products with an intuitive and responsive UI
- Focused on **scalable architecture** and clean **MVC** pattern for easy maintenance and future enhancements.

Project-B: MyPortfolioWebsite – Domain: Personal Branding / Portfolio
Tools, Technologies, skill you used: **HTML, CSS, JavaScript, Bootstrap, GitHub Pages**

- Designed and developed a **responsive personal portfolio website** to showcase projects, technical skills, certifications, and educational background.
- Integrated a **contact form** enabling visitors and recruiters to connect directly via email.
- Hosted the website using **GitHub Pages**, ensuring high availability and version control through Git.
